

Shipping

Shipping is a flat rate of \$12.00. We use both Australia post and Fast way couriers. We endeavour to get your order out within 48hrs . If we have sold out of an item it can take up to 2 weeks to send order out as we have to restock, but we will contact you to let you know if this is the case. If goods are damaged or faulty upon receipt, it is the customer's responsibility to notify us immediately to arrange return of the goods.

For international orders a quote will need to be given ,so an extra cost may occur after you have gone through checkout ,we will email you with the price of postage and adjust accordingly .
